

**BILLING CODE: 4163-18-P**

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Centers for Disease Control and Prevention**

**[60Day-19-0612; Docket No. CDC-2018-0111]**

**Proposed Data Collection Submitted for Public Comment and  
Recommendations**

**AGENCY:** Centers for Disease Control and Prevention (CDC),  
Department of Health and Human Services (HHS)

**ACTION:** Notice with comment period

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project on the Well-Integrated Screening and Evaluation for Women Across the Nation (WISEWOMAN) program. The WISEWOMAN program is designed to prevent, detect, and control, hypertension and other cardiovascular disease risk factors through healthy behavior support services, which are tailored for individual and group behavior change.]

**DATES:** CDC must receive written comments on or before [INSERT  
DATE 60 DAYS AFTER PUBLICATION DATE IN THE FEDERAL REGISTER].

**ADDRESSES:** You may submit comments, identified by Docket No. CDC-2018-0111 by any of the following methods:

- Federal eRulemaking Portal: Regulations.gov. Follow the instructions for submitting comments.
- Mail: Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road, N.E., MS-D74, Atlanta, Georgia 30329.

**Instructions:** All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to Regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (regulations.gov) or by U.S. mail to the address listed above.

**FOR FURTHER INFORMATION:** To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road, N.E., MS-D74, Atlanta, Georgia 30329; phone: 404-639-7570; E-mail: [omb@cdc.gov](mailto:omb@cdc.gov).

**SUPPLEMENTARY INFORMATION:**

Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information

they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the Federal Register concerning each proposed collection of information, including each new proposed collection, each proposed reinstatement of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of

information technology, e.g., permitting electronic submissions of responses.

5. Assess information collection costs.

#### Proposed Project

Well-Integrated Screening and Evaluation for Women Across the Nation (WISEWOMAN) (OMB No. 0920-0612, Exp. 12/31/2018) - Reinstatement - National Center for Chronic disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

#### Background and Brief Description

The WISEWOMAN program sponsored by the CDC, provides services to low income, uninsured, or underinsured women aged 40-64. The WISEWOMAN program is designed to prevent, detect, and control hypertension and other CVD risk factors through healthy behavior support services which are tailored for individual and group behavior change. The WISEWOMAN program provides services to women who are jointly enrolled in the National Breast and Cervical Cancer Early Detection Program (NBCCEDP), which is also administered by CDC.

The WISEWOMAN program is administered by state health departments and tribal programs. In 2018, new five-year cooperative agreements will be awarded under Funding Opportunity

Announcement DP18-1816, subject to the availability of funds. CDC collects two types of information from WISEWOMAN awardees. The WISEWOMAN awardee submits an electronic data file to CDC twice per year. The Minimum Data Elements (MDE) file contains data using a unique identifier with client-level information about cardiovascular disease risk factors, types of healthy behavior support services for participants served by the program. The estimated burden per response for the MDE file is 24 hours. The Annual Progress Report provides a narrative summary of each awardee's objectives and the activities undertaken to meet program goals. The estimated burden per response is 16 hours.

There are no changes to the information collected. CDC will continue to use the information collected from WISEWOMAN awardees to support program monitoring and improvement activities, evaluation, and assessment of program outcomes. The overall program evaluation helps to demonstrate program accomplishments and strengthen the evidence for strategy implementation for improved engagement of underserved populations. It can also determine whether the identified strategies and associated activities can be implemented at various levels within a state or tribal organization. Evaluation is also designed to demonstrate how WISEWOMAN can obtain cardiovascular disease health outcome data on at-risk

populations, promote public education about cardiovascular disease risk-factors, and improve the availability of healthy behavior support services for under-served women.

OMB approval is requested for three years. Participation in this information collection is required as a condition of cooperative agreement funding. There are no costs to respondents other than their time. The total annualized burden hours are 1,344.

Estimated Annualized Burden Hours

Type of Respondents	Form Name	No. of Respondents	No. of Responses per Respondent	Avg. Burden per Response (in hrs.)	Total Burden (in hrs.)
WISEWOMAN Awardees	Screening and Assessment and Lifestyle Program MDEs	21	2	24	1,008
	Annual Progress Report	21	1	16	336
Total					1,344
